It is noted that an error appears in this patent, as more fully described below. The failure to include the correct assignee name on the PTOL-85B was inadvertent. Correction thereof does not involve such changes in the patent as would constitute new matter or would require re-examination. The assignment was submitted for recordation as set forth in §3.11 before the issuance of the patent, and a certificate of correction under §1.323 is respectfully requested.

Attached in duplicate is Form PTO-1050 with at least one copy being suitable for printing.

NOTE: Form PTO-1050, using the column and line number in the printed patent, should be used exclusively regardless of the length or complexity of the subject matter. MPEP §1485.

NOTE: The patent grant should be retained by the patentee. The PTO does not attach the certificate of correction to the patentee's copy of the patent. The patent grant will be returned to the patentee if submitted. MPEP §1485.

Certificate of Mailing: I hereby certify that this correspondence is today being deposited with the U.S. Postal Service as first class mail in an envelope addressed to: Commissioner for Patents; Post Office Box 1450; Alexandria, VA 22313-1450.
